## Tea Area Middle School

### Chromebook Handbook 2017-2018

The policies and information within this document apply to all Chromebooks used in the Tea Area School District, including any other device considered by the principal to come under this policy. Teachers may set additional requirements for Chromebook use in their classroom.

#### ***1. Receiving Your Chromebook***

---

Chromebooks will be distributed to the student each fall. **Parents and students must agree, sign and return the TASD Student Registration form and have paid the yearly \$30 setup fee before the Chromebook can be issued to the student.** The Chromebook Protection Plan outlines a plan for families to protect the Chromebook investment for the Tea Area School District. Please review the Chromebook Protection Plan included in this handbook.

Chromebooks will be collected at the end of each school year for maintenance, cleaning, and software installations. Every effort will be made for students to retain their original Chromebook each year while enrolled at TASD.

\*\*\* All Chromebooks are the property of the TASD and are subject to the same guidelines as other school property.

#### **2. Taking Care of Your Chromebook**

---

Students are responsible at all times for their Chromebook both on and off campus. Chromebooks that are broken or fail to work properly must be taken to the Principal's office.

##### **2.1 General Precautions**

1. No food or drink is allowed next to your Chromebook while it is in use.
2. Cords, cables and removable storage devices must be inserted carefully into the Chromebook.
3. Students should never carry their Chromebooks while the screen is open.
4. Chromebooks must never be left in a car or any unsupervised area.
5. Chromebooks are sensitive to extreme temperatures; do not leave in cold or hot temperatures.
6. Chromebooks must remain free of any writing, drawing, stickers, or labels that are not the property of the Tea Area School District.
7. Students are responsible for keeping their Chromebook battery charged for school each day.
8. Students are responsible for bringing their power cords to school each day.
9. The Technology Department will NOT check out spare power cords to students if theirs are left at home.

## 2.2 Screen Care

The Chromebook screens can be damaged if subjected to rough treatment. The screens are particularly sensitive to damage from excessive pressure on the screen.

- Do not lean on the top of the Chromebook when it is closed.
- Do not place anything on top or near the Chromebook that could put pressure on the screen.
- Do not place anything in the bag, backpack or other carrying device that will press against the cover.
- Do not place anything on the keyboard before closing the lid (e.g., pens pencils, paper....)
- Clean the screen with a soft, dry cloth, or anti-static cloth.

## 3. Using Your Chromebook at School

---

Chromebooks are intended for use at school each day. In addition to teacher expectations for Chromebook use, school messages, announcements, calendars, and schedules may be accessed using the Chromebook. Students must bring their Chromebooks to all classes, unless specifically advised not to do so by their teacher.

### 3.1 Chromebook Left at Home

If students leave their Chromebook at home, they must immediately phone parents to bring them to school. Until the Chromebook is brought to school, students will participate in classes without their Chromebook. Repeat violations of this policy may result in disciplinary action.

### 3.2 Chromebook Undergoing Repair

Loaner Chromebooks may be issued to students when they leave their Chromebooks for repair at the Technology Department.

### 3.3 Charging Your Chromebook's Battery

Chromebooks must be brought to school each day in a fully-charged condition. Students need to charge their Chromebook each evening.

In cases where use of the Chromebook has caused batteries to become discharged, students will be able to connect their Chromebook to a power outlet in class.

### 3.4 Chromebook Themes and Screensavers

1. Presence of guns, weapons, pornographic materials, inappropriate language, alcohol, drug, gang-related symbols or pictures will result in disciplinary actions.
2. Passwords on screensavers are not to be used.

### 3.5 Sound

Sound must be muted at all times unless permission is obtained from the teacher for instructional purposes.

### 3.6 Printing

Students will use a designated desktop computer to access their material to be printed. Students who want to print on a home printer will need to save to an external location (e.g., flash drive, cloud...) which can be accessed by a desktop computer to be printed.

### 3.7 Deleting Files

Do not delete any files that you did not create. Deletion of certain files can affect your Chromebook's performance.

### 3.8 Music and Programs

Music is not allowed to be played on the Chromebook during school hours without permission from the teacher. Students must use headphones to listen to music when permission is granted from the teacher and when listening to music in the commons.

### 3.9 Games and Obscene Material

Games are not allowed to be played on the Chromebook during school hours unless the game is educational in nature and permission is granted by the teacher. Disciplinary action for playing non-academic games in the classroom will be handled according to the policy stated in the Student Handbook.

Violent games and computer images containing obscene or pornographic material are strictly prohibited at any time and will result in disciplinary action.

## 4. Managing Your Files, and Saving Your Work

---

Students may only log-in under their assigned username. Students may not share their password with other students.

Students will be logging onto the TASD network. Students will have their own user account and Google Drive account with ample space to back up any school-related work.

The Chromebook will be setup with Google Drive accessed through Google Chrome which students should save their work. When a student adds a document to Google Drive, he/she will have access to the files anywhere there is an Internet connection.

**It is the student's responsibility to ensure that work is not lost due to mechanical failure or accidental deletion. Computer malfunctions are not an acceptable excuse for not submitting work.**

## 5. Software on Chromebooks

---

### 5.1 Originally Installed Software

Internet filter

From time to time the school may add software applications for use in a particular course. The licenses for this software require that the software be deleted from Chromebooks at the completion of the course. Periodic check of Chromebooks will be made to ensure that students have deleted software that is no longer required in class, and that the school has not exceeded its licenses.

### 5.2 Procedure for Re-loading Software

The school does not accept responsibility for the loss of any software deleted due to re-formatting and re-imaging.

### 5.3 Software Upgrades

Upgrade versions of licensed software are available from time to time. Students will be instructed to upgrade their software from the school's network periodically.

## 6. Student Acceptable Use of School Electronic Resources

---
