Schools should be an example of what is taught regarding the observance and respect of law. School must be highly conscious of the health and welfare of students, staff and the public.

Board policy forbids any person to bring dangerous and/or illegal weapons or look alikes to school or school sponsored activities. Dangerous weapons taken from students shall be reported to the building principal and the student's parents. Anyone possessing weapons will be treated as dangerous and reported to the police. Conditions of Employment

Purpose

The purpose of this classified handbook is to provide individuals, who are in a classified position, information they would need to carry out their assigned duties. This is not all inclusive, but contains the Board and Administration's expectations to assist classified personnel more effectively.

Statement of Guiding Principles for Staff Personnel and Faculties

In order to provide the best possible **education facilities and support services**, it is the goal of the Board of Education to recruit and retain the highest caliber of classified staff available. It is the policy of the Tea Area School District 41-5 not to discriminate on the basis of race, national origin, creed, age, marital status, or physical disability in its educational programs, activities, or employment policies as required by Title VI and BII of the 1974 Civil Rights Act, Title IX of the 1972 Educational Amendments, and the Federal Rehabilitation Act of 1973. The term "classified personnel" shall include classified staff, whether full-time or regular part-time.

Recruitment and Selection of Classified Personnel

Recruitment and selection of classified personnel shall be the responsibility of the administration. The superintendent shall have the authority to delegate recruitment and selection responsibilities to supervisors. Whenever possible, the preliminary screening of candidates shall be conducted by the supervisor(s) who will be directly in charge of the person being hired. Selection shall be based upon the merits of the candidates without regard to age, race, creed, color, sex, national origin, religion, or disability. Selection shall be based upon training, experience, and skill; demonstrated competence; suitability for the position; and the possession of, or the ability to obtain, a state license if one is required for the position.

"Workplace" includes non-school property if the employee is at any school-sponsored, school approved or school related activity, event or function, such as field trips or athletic events where students are under the control of the school district or where the employee is engaged in school business.

If an employee is convicted of a violation of any criminal drug offense committed in the workplace or outside of the workplace, the employee shall notify the employee's supervisor of the conviction within five (5) days of the conviction.

Promotions, Vacancies, and Terminations

A. Transfers

Due to the needs of the school district the administration may involuntarily transfer a classified employee. When opportunities for transfer and/or promotion become available the classified employee may apply for a transfer to another classified position. The district shall give due consideration to the merits of each employee presently employed. If and when applicants are judged to be equal, *administrative* determination will be the deciding factor. The District will not

be bound to promote from within the ranks, nor will the district be incumbent to show cause why a transfer/promotion from within was not followed.

B. Promotion

When a promotion from within the district is made, the classified employee promoted shall be considered on probationary status for six (6) months in the new classification. However, if the classified employee assumes the responsibilities of the new position, and is not able to meet the expectations of the new position, an effort will be made to employ the person elsewhere in the school district.

C. Termination

If a classified employee desires to terminate employment, he/she is expected to give the district a fifteen (15) calendar day notice. Intent to terminate employment shall be given in writing to the Superintendent of Schools.

Classified Employee Retirement

Classified employees who will complete their current work agreement with the board may apply for retirement. No classified employee will be required to retire at any specific age.

Application for retirement will be considered made when the classified employee states in writing to the superintendent their intent to retire. The letter must state the employee's desire to retire, the proposed date of the last day of employment and be witnessed by another but not their supervisor, principal, or the superintendent.

The classified employee may apply for early retirement between the ages of 55 to 65 if they meet the stipulations determined by the South Dakota Retirement System and coverage by the district health insurance carrier for the continuation in the district health insurance program.

Classified employees and their spouses and dependents who have group insurance coverage through the school district may be allowed to continue coverage of the school district's group health insurance program, at their own expense, by meeting the requirements of the insurer.

Board action to approve a classified employee's application for retirement or early retirement shall be final, and such action constitutes termination of the employee's services effective the day of the employee's requested retirement as approved by the board.

Classified Staff Development

A classified employee has an obligation to update the skills needed in his/her area of responsibility. This can be accomplished by reading literature, attending seminars, workshops, or meetings, at the expense of the district; it is also reasonable to expect that some of this in-service training be on the employee's own time. A classified employee can be expected to attend up to eight (8) hours of staff development in-service group meetings designed by his/her Administrator/Supervisor on the employee's own time during the course off the year. District meetings will not be scheduled for Saturdays or Sundays, unless a district emergency arises.

Termination or Non-Renewal of Agreements

The classified employee is hired as an at-will employee. The position may be terminated, for any reason upon notice provided by the superintendent or school board.

Said employees may appeal the nonrenewal or termination notice to the board of education. The board of education may, at its discretion, agree to hear the employee's version of the facts resulting in nonrenewal or termination. The decision of the board of education shall be final.

Disciplinary Action Affecting Employees

When it becomes necessary for administrative supervisory personnel to discipline the classified employee they supervise, the following disciplinary actions will be taken, however; one or more levels of discipline may be omitted, depending on the severity of the incident.

1. A verbal reprimand.
2. A written reprimand. Written, dated and signed reprimands will be placed in the employee's personnel file. An affected employee will be afforded the opportunity to write a response to the written reprimand to be placed in their personnel file. A copy of the written reprimand will be given to the employee. The employee must respond to the written reprimand within ten (10) days of receiving the reprimand.
3. Suspension from duty with pay for an indefinite period of time, at the discretion of the superintendent.
4. Suspension from duty without pay for a determined length of time, at the discretion of the superintendent.
5. Termination.

Employees facing possible disciplinary action shall be given an opportunity to present their version of the facts. The school board may discipline employees in the same manner listed above. This procedure does not limit the employee's right of appeal, either through school district policy or codified South Dakota law.

All employees who qualify for district employee benefit insurance programs are eligible to enroll. Continuation of enrollment is contingent upon remaining qualified **as stipulated by the insurance carrier**. Health insurance is available to employees under the prevailing district-endorsed group policies. Premiums paid on behalf of part-time employees working less than 30 hours per week will be prorated based on a forty (40) hour workweek. Under no circumstances will the employer's payment exceed the stipulated premium cost of the single or family health plan coverage selected by the employee. Employees are eligible for insurance coverage the first day of employment by the district, upon approval of the insurance carrier. Employees have all rights as provided by state and federal regulations, regarding health and dental insurance.

The Tea Area School District shall permit retirees and dependent spouses to remain in the group insurance plan upon retirement and within the conditions required by the District's health insurance carrier:

Tax sheltered annuities (TSA) or 403B plans will no longer be offered to any employee as of September 1, 2008. Current employees receiving the \$1200 stipend will continue to receive it unless their insurance election changes. The \$1200 will be split equally based on the number of pay periods elected by the employee and will be prorated for employees working less than full time.

Dental Insurance

Dental insurance is available to eligible classified employees who work a minimum regular assignment of thirty (30) hours or more per week. If they so elect, and are eligible for coverage, as stipulated by the insurance carrier, they shall receive full single dental insurance benefits prorated on the basis of a forty (40) hour workweek.

Life Insurance

Classified employees that work thirty (30) or more hours per week and meet the requirements of the insurance carrier are eligible for a supplemental life insurance benefit. Supplemental insurance is available, at the expense of the employee, at a premium to be determined by the insurance carrier.

Dependent coverage is also available, at the employee's expense, at a premium to be determined by the insurance carrier.

Employees working at least three quarter time (30-or more hours per week) are provided a \$10,000 life insurance benefit.

South Dakota State Retirement

All classified employees who work twenty (20) or more hours per week are required to participate in the state retirement plan. Classified employees become eligible for benefit payments upon retirement provided that the employee has reached the appropriate age determined by the South Dakota Retirement criteria.

These benefits are fixed by regulations and are available to each employee beginning with the first day of his/her employment. Any employee injured in the performance of his/her duties shall immediately report the injury, circumstances, and name of witnesses to the employee's supervisor and to the business manager. Any injury not reported within twenty-four (24) hours may not be eligible for compensation.

All accidents will be documented on the official accident report form to insure that the employee receives all benefits to which he/she is entitled to. - In those circumstances in which an employee has an unanticipated family emergency for which there is no other available leave, the employee may submit a request to the Superintendent for up to two days of unused sick leave for such emergency. In considering the request, the Superintendent shall consider factors including but not limited to the availability of other paid or unpaid leave, the severity of the emergency, whether the need for leave was foreseeable, and the needs of the District; however, the approval of such request shall be in the sole discretion of the Superintendent.

Excessive short-term interruptions of illness may also require a physician's written statement. Unapproved sick leave shall be deducted from the employee's next regular payroll check and could result in termination. Deductions will be made from the employee's wage for additional hours of absence due to illness. The amount of the deduction will be determined by the employee's hourly wage.

Abuse or misuse of this provision by an employee could result in that employee losing all accumulated sick leave time accrued from previous years of employment or employment termination. The interpretation and application of the sick leave rules shall be vested in the superintendent of schools.

8. The term *serious health condition* has the same meaning as used in the Family and Medical Leave Act of 1993 (FMLA) except in #4 above (complications of pregnancy). That definition includes such conditions as cancer, heart attacks, strokes, severe injuries, or Alzheimer's Disease. The term *serious health condition* is not intended to cover short-term conditions for which treatment and recovery are very brief. The common cold, influenza, earaches, upset stomach, headaches (other than migraines), routine dental or orthodontia problems, etc., are not serious health conditions unless complications arise. For example, for most individuals who contracted H1N1, this influenza did not rise to the level of a serious health condition. The agency may require medical certification of a serious health condition. The minimum number of days that may be granted is three (3).

DEFINITIONS

PHYSICAL ABUSE – Physical abuse occurs as the result of acts or omissions by the child’s caretaker. Physical abuse is non-accidental. Non-accidental injury is an injury which was foreseen or which a reasonable person could have foreseen in similar circumstances. This includes the caretaker’s failure to intervene in situations such as allowing an older child to play roughly with a baby.

Physical abuse can vary from minor injuries resulting in bruising alone to major injuries resulting in death. Minor injuries are more common but less recognized as physical abuse.

Physical abuse includes:

- bruises, abrasions, lacerations, welts, and sprains.
- fractured bones or teeth.
- burns.
- ocular, head, chest, abdominal, or other serious injury.
- pharmacologic abuse by giving the child an unprescribed harmful substance such as valium for sedation or intentional homicidal poisoning.
- Munchausen’s Syndrome by proxy (production of a fictitious illness).

EMOTIONAL ABUSE – The International Conference on Psychological Abuse of Children and Youth, in 1983, endorsed the substitution of the term “psychological maltreatment” for “emotional abuse” in an effort to be more inclusive of all the affective and cognitive aspects of child maltreatment. A working definition, with a broad level of support, was developed:

Psychological maltreatment of children and youth consists of acts of omission and commission which are judged by community standards and professional expertise to be psychologically damaging. Such acts are committed by individuals, singly or collectively, who by their characteristics (e.g., age, status, knowledge, organizational form) are in a position of differential power that renders a child vulnerable. Such acts damage

immediately or ultimately the behavioral, cognitive, affective, of physical functioning of a child.*

Psychological maltreatment is inherent in other forms of child maltreatment, in addition to existing in its own desecrate forms, and therefore it may be present in practically all of the reports cases of child abuse and neglect. In fact, there is an increasing awareness that psychological maltreatment is the core issue in child maltreatment.

Psychological maltreatment includes:

- Verbal abuse: teasing, belittling, terrorizing, and rejection; this usually refers to a persistent and chronic pattern rather than an isolated incident but can also be a severe incident especially when it results in severe public humiliation.
- Emotional Neglect: the conscious or unconscious deprivation of the love and nurturance that children require for normal growth and development; this category can also include inattention to a child's educational and social needs.
- Emotional abuse resulting from physical abuse, sexual abuse, and neglect: as previously stated, psychological maltreatment is often the core issue in child maltreatment. For example the physical harm or the sexual activity do not usually directly result in long term consequences, rather the emotional connected with these events result in long term problems for the child.

SEXUAL ABUSE

Sexual abuse occurs as the result of acts or omissions by the child's caretaker. Authorities in this type of child abuse prefer the term "sexual exploitation" as they feel that "abuse" implies an aggressive intention. Sexual exploitation can be broadly defined as engaing a child in, allowing a child to be engaged in, or exposing a child to sexual stimulation, sexual contact, or sexual penetration that violated the social taboos of society or to which a child cannot give informed consent. (According to South Dakota law, a child must be at least 16 years old to provide informed consent.)

Mandated Reporters need to have an understanding of the range of sexually related behaviors between a child and caretaker that are considered offenses. Clarity is thereby obtained regarding what society considers sexually inappropriate when individual judgments differ.

Sexual Abuse includes: (as defined by S.D. Law)

- Sexual Penetration: an act, however slight, of sexual intercourse, cunnilingus, fellatio, anal intercourse, or any intrusion, however slight, of any part of the body or of an object into the genital or anal openings of another person's body.
- Sexual Contact: any touching, not amounting to rape, of the breasts of a female or the genitalia or anus of any person with the intent to arouse or gratify the sexual desire of either party. (By legal precedent this includes contact through clothing.)
- Incest: knowingly engaged in sexual contact with another person, other than his/her spouse, if that other person is under the age of 21 and is within the degree of consanguinity or affinity within which marriages are by the laws of this state declared void.

Sexual abuse may fall under laws pertaining to Indecent Exposure, Prostitution, Child Pornography, or Sexual Exploitation.

NEGLECT

Neglect occurs as the result of omissions by the child's caretaker.

Neglect includes:

- Physical neglect: failure to provide adequate nutrition, supervision, clothing, or shelter.
- Emotional neglect: the conscious or unconscious deprivation of the love and nurturance that children require for normal growth and development. This category can also include inattention to a child's educational and social needs. Emotional neglect was also defined under "psychological maltreatment".
- Medical neglect: the ignoring of medical recommendations or the withholding of treatment required for a child's health and normal development. This includes inadequate immunizations and dental care, and the lack of needed prostheses such as eyeglasses and hearing aids.

RECOGNIZING CHILD ABUSE AND NEGLECT: SIGNS AND SYMPTOMS

INTRODUCTION

The first step in helping abused or neglected children is learning to recognize the signs of child abuse and neglect. The presence of a single sign does not prove child abuse is occurring in a family; however, when these signs appear repeatedly or in combination you should take a closer look at the situation and consider the possibility of child abuse.

If you do suspect a child is being harmed, reporting your suspicions may protect the child and get help for the family. Contact your local child protective services agency or police department. For more information about where and how to file a report, call the Childhelp® USA National Child Abuse Hotline (1-800-4-A-CHILD®).

RECOGNIZING CHILD ABUSE

The following signs may signal the presence of child abuse or neglect.

The Child:

- Shows sudden changes in behavior or school performance.
- Has not received help for physical or medical problems brought to the parents' attention.
- Has learning problems (or difficulty concentrating) that cannot be attributed to specific physical or psychological causes.
- Is always watchful, as through preparing for something bad to happen.
- Lacks adult supervision.
- Is overly compliant, passive, or withdrawn.
- Comes to school or other activities early, stays late, and does not want to go home.

The Parent:

- Shows little concern for the child.
- Denies the existence of – or blames the child for – the child's problems in school or at home.
- Asks teachers or other caretakers to use harsh physical discipline if the child misbehaves.
- Sees the child as entirely bad, worthless, or burdensome.
- Demands a level of physical or academic performance the child cannot achieve.
- Looks primarily to the child for care, attention, and satisfaction of emotional needs.

The Parent and Child:

- Rarely touch or look at each other.
- Consider their relationship entirely negative.
- State that they do not like each other.

TYPES OF ABUSE

The following are some signs often associated with particular types of child abuse and neglect: physical abuse, neglect, sexual abuse, and emotional abuse. It is important to note, however, these types of abuse are more typically found in combination than alone. A physically abused child, for example, is often emotionally abused as well, and a sexually abused child also may be neglected.

SIGNS OF PHYSICAL ABUSE

Consider the possibility of physical abuse when the child:

- Has unexplained burns, bites, bruises, broken bones, or black eyes.
- Has fading bruises or other marks noticeable after an absence from school.
- Seems frightened of the parents and protests or cries when it is time to go home.
- Shrinks at the approach of adults.
- Reports injury by a parent or another adult caregiver.

Consider the possibility of physical abuse when the parent or other adult caregiver:

- Offers conflicting, unconvincing, or no explanation for the child's injury.
- Describes the child as "evil", or in some other very negative way.
- Uses harsh physical discipline with the child.
- Has a history of abuse as a child.

SIGNS OF NEGLECT

Consider the possibility of neglect when the child:

- Is frequently absent from school.
- Begs or steals food or money.
- Lacks needed medical or dental care, immunizations, or glasses.
- Is consistently dirty and has severe body odor.
- Lacks sufficient clothing for the weather.
- Abuses alcohol or other drugs.
- States that there is no one at home to provide care.

Consider the possibility of neglect when the parent or other adult caregiver:

- Appears to be indifferent to the child.
- Seems apathetic or depressed.
- Behaves irrationally or in a bizarre manner.

- Is abusing alcohol or other drugs.

SIGNS OF SEXUAL ABUSE

Consider the possibility of sexual abuse when the child:

- Has difficulty walking or sitting.
- Suddenly refuses to change for gym or to participate in physical activities.
- Reports nightmares or bedwetting
- Experiences a sudden change in appetite.
- Demonstrates bizarre, sophisticated, or unusual sexual knowledge or behavior.
- Becomes pregnant or contract venereal disease, particularly if under age 14.
- Runs away.
- Reports sexual abuse by a parent or another adult caregiver.

Consider the possibility of sexual abuse then the parent or other adult caregiver:

- Is unduly protective of the child or severely limits the child's contact with other children, especially of the opposite sex.
- Is secretive and isolated.
- Is jealous or controlling with family members.

SIGNS OF EMOTIONAL MALTREATMENT

Consider the possibility of emotional maltreatment when the child:

- Shows extremes in behavior, such as overly compliant or demanding behavior, extreme passivity, or aggression.
- Is either inappropriately adult (parenting other children, for example) or inappropriately infantile (frequently rocking or head-banging, for example).
- Is delayed in physical or emotional development.
- Has attempted suicide.
- Reports a lack of attachment to the parent.

Consider the possibility of emotional maltreatment when the parent or other adult caregiver:

- Constantly blames, belittles, or berates the child.
- Is unconcerned about the child and refuses to consider offers of help for the child's problems.
- Overtly rejects the child.

**Addendum III
Tea Area School District
Family and Medical Leave Policy**

PURPOSE:

The purpose of this policy is to outline the conditions under which an employee may request time off without pay for a limited period for medical reasons or to provide family care pursuant to the Family and Medical Leave Act of 1993 (FMLA).

DEFINITIONS:

A family or medical leave of absence is defined as a approved absence available to eligible employees for up to 12 weeks of unpaid leave during any 12-month period under the circumstances specified in this policy. The 12-month period is a “rolling” period measured backward from the date an employee uses any FMLA leave.

EXAMPLE: If an employee has taken eight (8) weeks leave during the past twelve (12) months, an additional four (4) weeks of leave could be taken. If an employee used four (4) weeks beginning February 1, 2005, four (4) weeks beginning June 1, 2005, and four (4) weeks beginning December 1, 2005, the employee would not be entitled to any additional leave until February 1, 2006. Beginning on February 1, 2006, employee would be entitled to four (4) weeks of leave, on June 1, the employee would be entitled to an additional four (4) weeks, etc.

Leave may be taken:

1. On the birth of an employee’s child and to care for the newborn child;
2. On the placement of a child for adoption or foster care with an employee;
3. When an employee is needed to care for a child, spouse, or parent who has a serious health condition; or
4. When an employee is unable to perform at least one of the functions of his or her position because of the employee’s own serious health condition.

A “Serious Health Condition” means an illness, injury, impairment, or physical or mental condition that involves one of the following:

1. Hospital Care.
Inpatient care (i.e., and overnight stay) in a hospital, hospice, or residential medical care facility, including any period of incapacity or subsequent treatment in connection with, or as a consequence of, such inpatient care.
2. Absence Plus Treatment.
A period of incapacity of more than three consecutive calendar days (including any subsequent treatment or period of incapacity relating to the same condition) that also involves:
 - (1) Treatment two or more times by a health care provider, a nurse, or a physician’s assistant under direct supervision of a health care provider or by a provider of health care services (e.g., physical therapist) under orders of, or on referral by, a health care provider; or
 - (2) Treatment by a health care provider on at least one occasion that results in a regimen of continuing treatment under the supervision of the health care provider.
3. Pregnancy.
Any period of incapacity due to pregnancy or for prenatal care.

4. Chronic Conditions Requiring Treatment.
A chronic condition that:
 - (a) Requires periodic visit for treatment by a health care provider or nurse or physician's assistant under the direct supervision of a health care provider;
 - (b) Continues over an extended period of time (including recurring episodes of a single underlying condition); and
 - (c) May cause episodic incapacity rather than a continuing period of incapacity (e.g., asthma, diabetes, epilepsy, etc.)
5. Permanent/Long-Term Conditions Requiring Supervision.
A period of incapacity that is a permanent or long-term due to a condition for which treatment may not be effective. The employee or family member must be under the continuing supervision of, but need not be receiving active treatment from, a health care provider. Examples include Alzheimer's, a severe stroke, or the terminal stages of a disease.
6. Multiple Treatments (Non-chronic Conditions).
Any period of absence to receive multiple treatments (including any period of recovery from them) by a health care provider or a provider of health care services under orders of, or on referral by, a health care provider, either for restorative surgery after an accident or other injury or for a condition that would be likely to result in a period of incapacity of more than three consecutive calendar days in the absence of medical intervention or treatment, such as cancer (chemotherapy, radiation, etc.), severe arthritis (physical therapy), or kidney disease (dialysis).

PAID LEAVE:

This policy applies to all family and medical leaves of absence except for leaves that are covered under paid employment benefit plans or policies for any part of the 12 weeks' leave to which the employee may be entitled under this policy. In other words, if an employee is entitled to both FMLA leave and paid leave under another benefit plan or policy, the employee must take the paid leave first.

ELIGIBILITY:

To be eligible for leave under this policy, an employee must have been employed by the Tea Area School District (the "District") for at least 12 months and must have worked at least 1250 hours during the 12-month period preceding the beginning of the leave.

BASIC REGULATIONS AND CONDITIONS OF LEAVE:

Medical Certification.

The District will require medical certification to support a claim for leave for an employee's own serious health condition or to care for a seriously ill child, spouse, or parent. In the case of foreseeable leave, the District may delay the taking of FMLA leave to an employee who fails to provide timely certification until the required certification is provided. When the need for leave is not foreseeable, an employee must provide certification within the time frame requested by the employer (at least 15 days) or as soon as reasonably possible under the circumstances. If the medical certification is not provided within a reasonable time, the District may delay the continuation of FMLA leave.

The District may require a second medical opinion and periodic recertifications at its own expense. If the first and second opinions differ, the District may require the binding opinion of a third health care provider, approved jointly by the District and the employee and paid for by the District.

Intermittent or Reduced Leave.

Leave may be taken on an intermittent or reduced-leave schedule if it is medically necessary for a serious health condition of the employee, or his or her spouse, child, or parent. If leave is requested on this basis, however, the District may require the employee to transfer temporarily to a part-time schedule or an alternative position that better accommodates recurring absences. The alternative position will have equivalent pay and benefits.

Spouses Combined Leave.

Spouses who are both employed by the District are entitled to a total of 12 weeks leave (rather than 12 weeks each) for the birth or placement in adoption or foster care of a child or for the care of a sick parent.

NOTIFICATION AND REPORT REQUIREMENTS:

When the need for leave is foreseeable, such as the birth of a child, the placement in adoption or foster care of a child, or planned medical treatment, the employee must provide at least 30 days prior notice and make an effort to schedule leave so that it does not unduly disrupt the District's operations. If 30 days notice is not practicable because of a medical emergency, notice must be given as soon as possible and practicable, taking into account all of the facts and circumstances.

When the need for leave is not foreseeable, an employee should give notice of the need for FMLA leave as soon as practicable or within one or two working days of the need for leave.

Under some circumstances, the District may request subsequent recertifications of medical conditions and may require an employee to report periodically on the employee's status and intent to return to work. A fitness for duty certification shall not be required of the employee as a condition to return to work.

STATUS OF EMPLOYEE BENEFITS DURING LEAVE OF ABSENCE:

Health Insurance.

Group health insurance coverage will continue for employees on leave as if they were still working. Employees who are granted an approved leave of absence under this policy must arrange to pay their share of premiums during the absence. If the leave is paid, premiums will continue to be paid through payroll deductions. If the leave is unpaid, employees are responsible for making sure the District receives premium payments by the normal payroll dates. The District will provide a schedule of payment amounts and due dates at the beginning of any unpaid leave of absence. The District's obligation to maintain health insurance ceases if an employee's premium payment is more than 30 days late.

Recovery of Premiums.

If the District elects to maintain an employee's health coverage by paying the employee's share of missed premium payments, or if an employee chooses not to return to work after an approved unpaid leave of absence, the District may recover from the employee the cost of any payments made to maintain the employee's health insurance, unless the failure to return is because of a serious health condition or reasons beyond the employee's control. An employee who returns to work for at least 30 calendar days is considered to have returned to work. Benefit entitlements based on length of service will be calculated as of the last paid work day before the start of the unpaid absence.

RESTORATION:

Upon return from FMLA leave, an employee is entitled to be returned to the same position the employee held when leave commenced, or to an equivalent position with equivalent benefits, pay, and other terms and conditions of employment.

PROCEDURES:

Request Form.

A Request for Family Medical Leave of Absence Form must be completed, signed by the employee, and submitted to the District's Business Manager for proper approvals.

All requests for family and medical leaves of absence due to a serious health condition must include the completed medical certification form stating:

1. The date on which the serious health condition began;
2. The probably duration of the condition; and
3. The appropriate medical facts that the health care provider knows about the condition.

In addition, for leave to care for a child, spouse, or parent, the certificate must include an estimate of the amount of time that the employee is needed to provide such care.

For leave for an employee's illness, the certificate must state that the employee is unable to perform at least one of the functions of his or her position.

For certification for intermittent leave or leave on a reduced-level schedule for planned medical treatment, the certificate must state the dates on which such treatment is expected to be given and the duration of the treatment.

OTHER RIGHTS:

Both the District and the employee may have additional rights and obligations under the FMLA. Nothing in this policy is intended to limit or restrict any rights available under the FMLA but not contained in this policy.
